

SMARTzero Customer Testimonials

“ HACCP (‘Hazard Analysis and Critical Control Points’) guidelines dictate that we need a full logbook for temperature controlled stock. **SMARTzero** creates a digital version of this, ensuring we are ready for any audits as well as prioritising the safety of our customers. ”

Within 6 months of installing **SMARTzero**, The Teahouse have already been alerted within minutes of an appliance door accidentally being left open as the café was closing for the day. The phone notification provided the manager the information he required to know that a return to the premises was essential to resolve the issue to ensure there was no loss of stock.

SMARTzero is low-cost, reliable and self-installable, requiring no technical knowledge or specialist electrical installation. Within 30 minutes, businesses can have real time data available to them on any device that has internet access.

*Mr Sandip Nagar Business Owner,
The Teahouse*

SMARTzero is a web portal that allows owners/managers to remote monitor temperature & humidity of critical appliances in real time. You receive early warning of potential issues before they occur and regular compliance reports direct to your inbox.

The screenshot displays the SMARTzero web portal interface. At the top, there are navigation options: '← ESTATE' and 'EDIT SITE'. Below this, there are tabs for 'SITE', 'ROOMS', 'APPLIANCES', '+ ADD', 'SENSORS', 'VIEW', and '+ BUY'. The main content area is titled 'The Teahouse' and includes a photo of the café entrance and a map showing the location at Windmill Lane, Mansfield, NG18 2AL. The 'APPLIANCES' tab is selected, showing a list of 5 appliances:

Appliance	Sensors	Temperature
Small Fridge	1 Sensor	4.1°C
Large Fridge	1 Sensor	4.1°C
Small Freezer	1 Sensor	-23.7°C
Large Freezer	1 Sensor	1.7°C
Drinks Fridge	1 Sensor	4.0°C
Small Freezer	1 Sensor	-29.4°C
